

**FRIDAY**  
**VIERNES**  
**21 OCT.**

FRIDAY  
VIERNES  
21 OCT.

**DAY AT A GLANCE • EL DÍA DE UN VISTAZO**

7:30	<i>Meetings</i> Reuniones <i>Workshops</i> Talleres
9:00	<i>Colloquium Plenary Session</i> Sesión plenaria Colloquium
10:30	<i>Coffee Break &amp; Posters Session</i> Café y sesión de pósteres
11:15	<i>Oral Sessions</i> Sesiones orales
12:45	<i>Lunch</i> Almuerzo
14:00	<i>Colloquium Plenary Session</i> Sesión plenaria Colloquium
15:30	<i>Coffee Break</i> Café
15:45	<i>Special Parallel Session</i> Sesión paralela especial
16:00	<i>Workshops</i> Talleres
17:45	<i>Meetings</i> Reuniones <i>Workshops</i> Talleres
	<i>Free Evening</i> Noche libre

# FRIDAY, OCTOBER 21

## VIERNES, 21 DE OCTUBRE

**19th COCHRANE COLLOQUIUM / 19° COLLOQUIUM COCHRANE**  
REDIBAM-GPC VIII Annual Meeting / VIII Reunión Annual REDIBAM-GPC  
LatinCLEN XII Congress / XII Congreso LatinCLEN

### SCIENTIFIC EVIDENCE FOR HEALTHCARE QUALITY AND PATIENT SAFETY

### EVIDENCIA CIENTÍFICA PARA LA CALIDAD ASISTENCIAL

### Y LA SEGURIDAD DEL PACIENTE

(Rooms: in brackets) / (Salas: entre paréntesis)

07:30 – 08:55

#### MEETINGS / REUNIONES

- Anaesthesia Review Group (OCEANIA)
- Campbell and Cochrane Equity Methods Group (GOYA)
- Cochrane Adverse Effects Methods Group (Room 7)
- Consumers and Communication Review Group Editors - 2nd meeting (Closed, ITALY Boardroom)
- Editorial Resources Committee (Closed, GERMANY Boardroom)
- Effective Practice and Organisation of Care Group (Room 8)
- EROS: is it the web-based software developed to facilitate the initial phases of a Cochrane systematic review? (Room 9)
- Information Retrieval Methods Group (AMERICA)
- Monitoring and Registration Committee (Closed, DENMARK Boardroom)
- Pregnancy and Childbirth Review Group (ANTICIS)
- PROSPERO advisory group (Closed, PORTUGAL Boardroom)
- Qualitative Research Methods Group (VIPS)
- US contributors (Closed, AFRICA)

07:30 - 08:55

#### WORKSHOPS / TALLERES

- Entity website builder: Making the most of your entity's online presence (WS28. Room 2b)

09:00 – 10:30

#### PLENARY SESSION / SESIÓN PLENARIA

#### COCHRANE

#### Auditorium.

##### Using evidence to improve health systems

El uso de la evidencia para mejorar los sistemas de salud (PCol02)

*Research evidence on system-level interventions for health will be presented. While the methods and approaches to produce and implement clinical guidelines are well established, the development of the actual recommendations poses several conceptual and methodological challenges.*

Se presentarán los resultados de intervenciones a distintos niveles para informar las políticas de salud. Si bien los métodos para producir las directrices clínicas están bien establecidos, el desarrollo de las recomendaciones actuales plantea varios desafíos conceptuales y metodológicos.

**Chairs / Moderadores:** **Zulma Ortiz**, UNICEF, Argentina; **Karla Soares-Weiser**, Enhanced Reviews Ltd., Israel.

**Speakers / Ponentes:**

- *What types of evidence are needed to inform decisions about health systems?* / Evidencia y decisiones. **Andy Haines**
- *Developing evidence-informed guidance on health systems: the challenges of complexity and context* / Retos conceptuales. **Xavier Bosch-Capblanch**
- *Using evidence to inform decision making on health systems in LMICs: what evidence do policymakers need?* / Decisiones en LMIC. **Harriet Nabudere**
- *The value of Cochrane Reviews in developing health system guidance* / Revisiones Cochrane y directrices sanitarias. **Tomás Pantoja**

10:30 – 11:15

**Coffee Break**

Café

**POSTERS SESSION / SESIÓN DE PÓSTERES**

- *Methods for preparing reviews* (P2A135-P2A196. **1st Floor Hall** / Vestíbulo 1er piso)
- *Investigating bias* (P2A197-P2A202. **1st Floor Hall** / Vestíbulo 1er piso; P2B203-P2B260. **2nd Floor Hall** / Vestíbulo 2º piso)
- *Diagnostic test accuracy review methods* (P2B261- P2B271. **2nd Floor Hall** / Vestíbulo 2º piso)

**SESIÓN DE PÓSTERES LATINCLN**

- Sesión 1: L1-L10. (Vestíbulo 2º piso / **2nd Floor Hall**)  
Moderadores: **Adolfo Rubinstein**; **Pamela Serón**.

11:15 – 12: 45

**ORAL SESSIONS / SESIONES ORALES**

• **Knowledge translation and communicating evidence (A3) (UNESCO)**

**Chairs / Moderadores:** **Jos Kleijnen**; **Gunn E. Vist**

**Speakers / Ponentes:**

- A3O1 | *Cross-sectional study of abstract quality*. **Sandra Bierling**
- A3O2 | *Reporting of effect direction and size in abstracts of systematic reviews*. **Ellaine Beller**
- A3O3 | *Investigating and improving the understanding of Cochrane Diagnostic Test Accuracy Reviews (DTARs)*. **Zhelev Zhivko**
- A3O4 | *To what extent is the clinical context considered in diagnostic test accuracy (DTA) reviews?: A methodological review*. **Clave Davenport**

• **Knowledge translation and Education (A4) (ANTICIS)**

**Chairs / Moderadores:** **Ricardo Hidalgo**; **M. Regina Torloni**

**Speakers / Ponentes:**

- A4O1 | *Epidemiology, quality and reporting characteristics of systematic reviews of acupuncture interventions published in chinese journals*. **Yaolong Chen**
- A4O2 | *Credence: creation of reliable evidence in developing countries by continuous enabling*. **Manu Easow Mathew**
- A4O3 | *Turning knowledge into action: Translating Cochrane reviews in*

*the healthcare setting.* **Marguerite Koster**

- A4O4 | *Understanding how meta-analysts interpret meta-analyses.* **Ian Shrier**

- **Knowledge translation in patient safety (A6) (AMERICA)**

**Chairs / Moderadores:** **Hernando Gaitán; Megan Pricor**

**Speakers / Ponentes:**

- A6O1 | *Implementation and evaluation of an international standardized operating protocol for the prevention of wrong site surgery in Germany.* **Liat Fishman**
- A6O2 | *Warnings for serious adverse events in drug labelling: are same-class drugs treated the same?* **Evangelia Ntzani**
- A6O3 | *An investigation into the assessment and reporting of harms in clinical studies.* **Jamie Kirkham**
- A6O4 | *What is a rapid review?* **Julie Harker**

- **Searching and information retrieval (B2) (Room 7)**

**Chairs / Moderadores:** **Gabriel Rada; Deirdre Beecher**

**Speakers / Ponentes:**

- B2O1 | *Study selection by means of a web-based Trial Selection DataBase (webTSDB).* **Elke Hausner**
- B2O2 | *Assessing the completeness of systematic reviews via the “related articles” function and/or a simple structured Boolean search in PubMed – a pilot study.* **Siw Waffenschmidt**
- B2O3 | *Primary outcomes reported in abstracts and ClinicalTrials.gov – do they agree?* **Lynn Huynh**
- B2O4 | *PRISMA in practice: keeping track of the literature search documentation. What are the problems?* **Mala Mann**

- **Methods for preparing reviews (B4) (Room 8)**

**Chairs / Moderadores:** **Philippe Ravaud; Arturo Marti**

**Speakers / Ponentes:**

- B4O1 | *The proposed Cochrane agenda setting and priority setting methods group: Establishing a research program.* **Mona Nasser**
- B4O2 | *Evaluating priority-setting approaches: tools for a Cochrane Methodology Review.* **Mona Nasser**
- B4O3 | *Modifications to the Risk of Bias tool: a case study of 204 trials.* **Lisa Hartling**
- B4O4 | *Consensus-based recommendations for investigating clinical heterogeneity in systematic reviews.* **Joell Gagnier**

- **Investigating bias (B7) (Room 9)**

**Chairs / Moderadores:** **Peter Gøtzsche; Pablo Perel**

**Speakers / Ponentes:**

- B7O1 | *A descriptive analysis of risk of bias in neonatal trials and the association with effect estimates.* **Liza Bialy**
- B7O2 | *Single-center trials show larger treatment effects than multicenter trials: evidence from a meta-epidemiological study.* **Isabelle Boutron**
- B7O3 | *PROSPERO: An international prospective register of systematic review protocols.* **Alison Booth**
- B7O4 | *Characteristics of physicians who receive large payments from industry and the accuracy of their disclosures in concurrent publications.* **Susan Norris**

• ***SPECIAL SESSION: Future directions for Cochrane data (S1) (GOYA)***

**Chairs / Moderadores:** David Tovey; Ruth Foxlee

**Speakers / Ponentes:**

- S1O1 | *Opening presentation: an exploration of where we are and where we could be in five to ten years. An introduction to the work of the CENTRAL Development Committee, the development of the CRS, and the possibilities for doing more with our data* (David Tovey, Editor in Chief of The Cochrane Library)
- S1O2 | *Value-adding with the CRS* (Ruth Foxlee, Cochrane Editorial Unit; and Gordon Dooley, Managing Director of Metaxis Ltd., UK)
- S1O3 | *Examining the potential value of the Systematic Review Data Repository (SRDR) to Cochrane* (Stanley Ip, Tufts Medical Center, USA)
- S1O4 | *Data linking: the next dimension. A report from the Star Trek Crew* (Chris Mavergames, Manager of the Cochrane Web Team)

## OTRAS SESIONES ORALES

• **REDIBAM-GPC (1): “Guías, evidencias y seguridad del paciente”. (VIPS)**  
**Moderadores:** Airton Stein; Dolors Montserrat

• **LatinCLEN (1): “Investigación primaria en Iberoamérica” (EUROPA)**

**Moderadores:** Ana M<sup>a</sup> Alarcón; Agustín Ciapponi

**Ponentes:**

- Síntomas depresivos y carga subjetiva del Cuidador Primario informal del Paciente con EVC. **Laura Torres**
- Diferencias en la frecuencia de la morbilidad cuando se aplica un protocolo de aspiración endotraqueal a necesidad comparado con uno de aspiración rutinaria en la unidad de cuidado intensivo pediátrica del Hospital Pablo Tobón Uribe: un ensayo clínico controlado al azar. **Gloria Lema**
- Estudio de detección y seguimiento de riesgo cardiovascular en el Cono Sur (CESCAS I): Resultados preliminares sobre prevalencia y distribución de factores de riesgo cardiovascular (FRCV). **Adolfo Rubinstein**
- Características clínicas y epidemiológicas de una población con dolor lumbar subagudo en la ciudad de Medellín: sus índices de dolor, depresión, discapacidad y su calidad de vida relacionada con la salud y la concordancia de la Escala análoga visual y el componente de dolor corporal de la SF36. **Jesús Plata**
- Análisis de la doble lectura mamográfica en el cribado poblacional de cáncer de mama del Hospital de la Santa Creu i Sant Pau de Barcelona, España. **Margarita Posso**
- Prevención del sangrado postoperatorio: Ensayo clínico unicéntrico, aleatorizado, paralelo de cuatro brazos de tratamiento, que evalúa la eficacia de la cola de fibrina y el ácido tranexámico versus el tratamiento de hemostasia habitual en pacientes intervenidos de artroplastia total de rodilla. **M<sup>a</sup> José Martínez**

12:45 – 14:00

**Lunch**

Almuerzo

***Meet the Cochrane entities (2): the Centres, Fields and Methods Groups***

**Encuentro con las entidades Cochrane (2): los Centros, Ámbitos y Grupos de Métodos**

14:00 – 15:30

## PLENARY SESSION / SESIÓN PLENARIA

**COCHRANE**  
Auditorium. 

### *Implementing the evidence into the system*

La incorporación de la evidencia en el sistema **(PCol03)**

*There are several multifaceted barriers to implementing evidence-based practice: they can be methodological (i.e. how evidence is presented), organizational (i.e. how the system is oriented to implement evidence), or socio-cultural.*

Existen múltiples barreras para la incorporación de la práctica basada en la evidencia: pueden ser metodológicas (ej. cómo se presenta la evidencia), organizativas (ej. cómo el sistema está configurado para aplicar las evidencias), o socio-culturales.

**Chairs / Moderadores:** **Vivian Welch**, Campbell & Cochrane Equity Methods Group, Canadá; **Pablo Alonso-Coello**, Iberoamerican Cochrane Centre, Spain.

### **Speakers / Ponentes:**

- *How GRADE could help to implement the evidence* / GRADE en la implementación de la evidencia. **Holger Schünemann**
- *Using the evidence to inform practice* / Uso práctico de la evidencia. **Francisco Kovacs**
- *Using evidence for low and middle income countries* / Evidencia en LMIC. **Susan Munabi-Babigumira**

15:30 – 16:00

**Coffee Break**  
Café

16:00 – 17:30

## WORKSHOPS / TALLERES

- *A Conversation on Standards for the Conduct of Systematic Reviews* **(WS1. GOYA)**
- *Advanced Searching in The Cochrane Library* **(WS3. Room 2a)**
- *Classifying non-randomised studies (NRS) and the assessing the risk of bias for a systematic review* **(WS7. ASIA)**
- *Cochrane Review Group Collaboration With UK Clinical Guideline Developers: A Win-Win Situation* **(WS9. GRAN CANARIA)**
- *Comparing multiple treatments 2: an introduction to network meta-analysis* **(WS12. UNESCO)**
- *Core outcome measures for randomised controlled trials and Cochrane reviews* **(WS14. OCEANIA)**
- *Diagnostic test accuracy reviews 3: Assessment of methodological quality* **(WS23. Room 7)**
- *Diagnostic test accuracy reviews 5: Advanced meta-analysis: dealing with heterogeneity and test comparisons* **(WS25. Room 8)**
- *Establishing a successful Cochrane Review Group satellite* **(WS30, Restricted. ANTICIS)**
- *Extrapolation: applying the results from systematic reviews to whom, when, and how?* **(WS32. AMERICA)**
- *Going from evidence to coverage decisions* **(WS33. Room 12)**
- *Grading the quality of evidence and preparing 'Summary of findings' tables for diagnostic test accuracy reviews* **(WS34, EUROPE)**
- *How should we write up the statistical results of meta-analyses in the text and abstract of a Cochrane systematic review?* **(WS35. Room 9)**

- *How to develop brief economic commentaries for Cochrane intervention reviews* (WS38. Room 13)
- *Introduction to meta-analysis 2: Effect measures for dichotomous outcomes* (WS43. LA PALMA)
- *Introduction to meta-analysis 5: Including non-standard studies and non-standard data* (WS46. MENINA)
- *Making a podcast for a Cochrane review* (WS50. ANTARCTICA)
- *Maximising the impact of systematic reviews in health policy-making: methods and challenges* (WS53. VIPS)
- *Methods for involving consumers in systematic reviews* (WS57, FUERTEVENTURA)
- *Peer reviewing the search strategy for a Cochrane diagnostic test accuracy systematic review* (WS59, Restricted, DENMARK Boardroom)
- *Search strategies and data sources for adverse effects reviews* (WS64. GERMANY Boardroom)
- *Searching trials registers and trials results registers* (WS66. ITALY Boardroom)
- *Searching, sampling and selecting for qualitative evidence synthesis* (WS67. TENERIFE)
- *Statistical methods for individual participant data meta-analysis* (WS70. LANZAROTE)
- *The updated Cochrane Risk of Bias tool* (WS78. AFRICA)
- *Using GRADEpro to create 'Summary of findings' tables* (WS82. Room 2b)

17:45 – 19:15

## WORKSHOPS / TALLERES

### Special Workshops. Future directions for Cochrane data

- *CENTRAL & the CRS: a discussion and policy-setting session* (SWS90. GOYA)  
*Chairs / Moderadores: Ruth Foxlee; David Tovey.* Cochrane Editorial Unit
- *Basics of using the workflow system in Archie* (WS6. Room 2a)
- *Reference management for systematic reviews* (WS62, Restricted. Room 2b)

17:45 – 19:15

## MEETINGS / REUNIONES

- *Cochrane Injuries Group* (ANTICIS)
- *Consumers' Executive* (Closed, PORTUGAL Boardroom)
- *Diagnostic Test Accuracy Working Group* (Closed, Room 8)
- *Evidence-Informed Policy Network Americas* (Closed, UNITED KINGDOM Boardroom)
- *Eyes and Vision Group* (Closed, GERMANY Boardroom)
- *Fields Executive - 2nd meeting* (Closed, ANTARCTICA)
- *From evidence to point-of-care guidelines in collaboration* (VIPS)
- *Individual Participant Data Methods Group* (Closed, ITALY Boardroom)
- *Is it worth including Non-RCTs in Cochrane Reviews?* (OCEANIA)
- *Methods Application and Review Standards Working Group* (Closed, DENMARK Boardroom)
- *Nursing Care Field* (Room 7)
- *Oral Health Group* (Room 9)
- *Patient-Reported Outcomes Methods Group* (AMERICA)
- *Reunión Plenaria REDIBAM-GPC* (AFRICA)
- *Risk of Bias Tool Extension* (Closed, MENINA)
